

# Lamazuna

Lamazuna makes innovative products that are safe for your health and the environment. An extensive range of solid cosmetics: shampoos, deodorants, facial cleansers, shaving foams, cocoa butters and sustainable accessories such as the famous Oriculi, the menstrual cups, or the water-washable make-up remover wipes. Zero waste, sustainable and handmade in France. Awarded by the Slow Cosmétique Association and certified PETA Cruelty Free & Vegan.

## Lamazuna without packaging

Did you know that Lamazuna products are also available without any packaging?

**Now that is truly zero waste!**

For this concept, we supply special pots, wooden tongs and ard holders. Of course, we can also supply a fully-filled display. We are happy to help you find the best display and composition for your shop.

**Would you like our advice?**

**Just send a short message to: [orders@greenhubimports.nl](mailto:orders@greenhubimports.nl)**

# New Lamazuna products:

## Zesty citrus-basil Hair conditioner

Deliciously fresh hair conditioner that nourishes, detangles and leaves hair shiny without weighing it down. Spread it on the lengths and ends of your hair and then rinse it out. There is no need to let it soak in before rinsing.

Made from 100% naturally derived ingredients and certified COSMOS organic. Suitable for all hair types.

## Very Vegan Wrap

One of the few vegan food wraps on the market! They are 100% made in France with GOTS organic cotton and 100% vegetable wax. Washable and reusable countless times!

## Tin storage box:

Stainless steel storage tin made in France, suitable for Lamazuna perfumes. A light, practical and environmentally friendly packaging for the zero-waste perfumes!

## Natural solid perfume in 4 irresistible fragrances

These solid perfumes are 100% naturally derived (COSMOS organic), so your skin will be scented naturally.

The solid perfume (based on cocoa butter and carnauba wax) melts on your fingertips, so you can easily apply it on wrists, neck or behind the ears. The stainless steel canister keeps it dry and you can take it anywhere. When it runs out, you can just put a refill in the can!

- **Mischievous:** Sweet, fruity and spicy, with notes of apricot and peach
- **Audacious:** Fresh and invigorating needle-like fragrance, with subtle floral and spicy notes.
- **Impetuous:** Reveals warm and spicy notes with hints of fig, mimosa and cedarwood
- **Mysterious:** Earthy, fresh and woody. With notes of pine trees, pine needles and wood.

## The shampoo family grows!

With 4 new, generously lathering shampoos, there is great solution for every hair type. Sulfate-free and handmade in France with as many local ingredients as possible, these high-quality shampoos are a pleasure to use!

- **Blonde & light brown hair:** with organic lemon powder: Makes blonde hair and highlights shine again. and improves the shine
- **Coloured hair:** with cherry oil: Soothes the scalp and protects the hair without affecting the colour
- **Sensitive scalp:** with peony powder: Fights dandruff and soothes irritated, damaged and flaky skin
- **Grey/white and lightly bleached hair:** with organic indigo powder: Makes hair bright and shiny. Neutralises and prevents coppery shades. Strengthens the hair and promotes hair growth

## The frontrunner in zero waste!

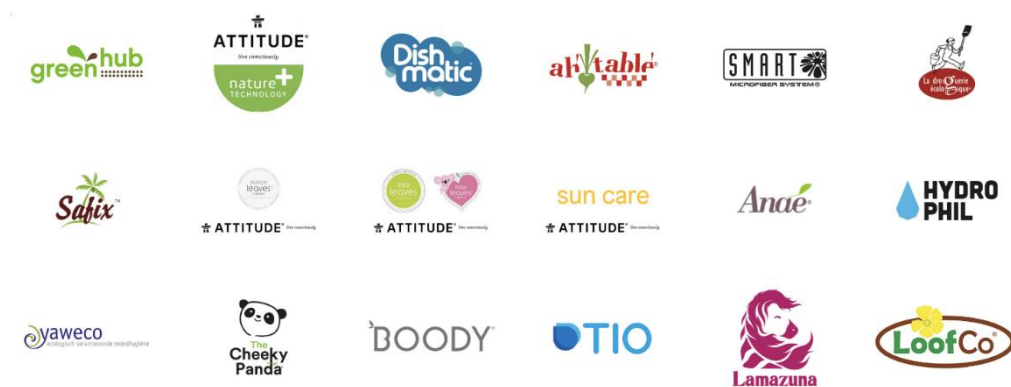

Lamazuna has been a pioneer in zero waste for 11 years. Among other things, the company is committed to financing French agricultural and forestry projects. In addition, Lamazuna has built its own **eco-location in the Drôme** which is completely unique in France: an energy-plus building with a perma-culture garden that provides its own energy and water supply. With this, Lamazuna shows that a greener daily life is possible, with more space and quality of life for employees, and in close cooperation with suppliers and residents in the region.

**Are you interested in Lamazuna but would you like to test it first?
